

WELCOME TO THE FUTURE OF EMS TRAINING

POWERED BY TWO OF THE MOST TRUSTED VOICES IN THE EMS FIELD, THE JOURNAL OF EMERGENCY MEDICAL SERVICES (JEMS) AND THE JEMS CONFERENCE & EXPO (FORMERLY EMS TODAY).

The **JEMS Academy** is a robust learning management system built to meet the training needs of EMS professionals and agencies. Our EMS courses are approved by the Commission on Accreditation for Prehospital Continuing Education (CAPCE) and are developed by the most renowned industry experts. In addition to its online course catalog, The JEMS Academy offers tools to track license requirements, document skills assessments, create custom courses and mitigate risk.

GET THE CONTINUING EDUCATION CREDITS YOU NEED

Access our growing library of EMS and compliance training courses and videos on topics such as:

- Airway Management
- Cardiovascular
- EMS Operations
- Infectious Diseases
- Mass Casualty
- Medical
- Medication Delivery
- Patient Transport and Assessment
- Pediatric Assessment and Care
- Personal Safety and PPE
- Trauma
- Volunteer/ Rural EMS

LICENSE MANAGEMENT AND AUTOMATIC REPORTING

Keep track of licenses (such as state EMS and National Registry) and certifications (like CPR and ACLS) in one place with our license manager. The system will automatically report all completions of accredited EMS courses to CAPCE and National Registry daily.

LEARN FROM INDUSTRY-LEADING INSTRUCTORS

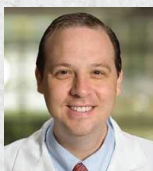

Sharpen our skills and knowledge with the most up-to-date, evidence-based training available today, created by the industry's leading subject matter experts.
